

DELTEK VISION

EXTENDED PROFILE

OVERVIEW

Deltek Vision is an industry-leading ERP software solution designed to manage the complete project lifecycle. It enables the automation of business information communication between various business departments, helping organizations streamline workflows, enhance efficiency, and achieve better project outcomes.

FEATURE OVERVIEW

MODULAR FEATURES AND FUNCTIONALITIES

As a modular system, Deltek Vision is organized into five key functional areas:

- **CRM:** For managing client relationships and tracking business opportunities.
- **Resource planning:** Ensures efficient allocation and utilization of resources.
- **Performance management:** Tracks and measures project KPIs to ensure alignment with business goals.
- **Connectivity solutions:** Integrates seamlessly with Microsoft software, including SharePoint.
- **Navigation tools:** Vision Navigator provides intuitive project management functionality, offering remote data capture, project status updates, and visibility for the entire team.

Vision Navigator serves as a dedicated project management portal, empowering project managers to make data-driven decisions, manage projects remotely, and share real-time updates. It delivers robust project control for managers and transparency for team members and stakeholders.

A CUSTOMIZABLE AND SCALABLE ERP SOLUTION

All Deltek Vision ERP software is highly customizable, supporting multi-language and multi-currency functionalities, making it suitable for global enterprises. Its databases integrate seamlessly with Microsoft technologies, leveraging SQL servers and SharePoint for enhanced functionality and collaboration.

ADOPTION ACROSS INDUSTRIES

Deltek Vision is trusted by leading organizations across diverse industries, including:

- **Hill International:** A New Jersey-based construction management company.
- **Engeo Inc.:** A Californian consulting engineering firm.
- **UNEP-WCMC:** A global biodiversity education provider.

These companies use Deltek Vision to improve operational efficiency, manage complex projects, and achieve strategic objectives.

TRANSITION TO DELTEK VANTAGEPOINT - IS DELTEK VISION BEING DISCONTINUED?

Deltek Vision is gradually being phased out as users are encouraged to transition to its next-generation successor, [Deltek Vantagepoint](#). This modern ERP platform builds on Vision's strengths, offering an intuitive user interface, advanced analytics, and expanded project and resource management capabilities.

DEPLOYMENT OPTIONS

Designed for both cloud and on-premises deployment, Vantagepoint enhances operational efficiency with features such as real-time dashboards and improved mobile accessibility. While Deltek Vision will remain supported (with version 7.6 being updated as recently as [December 2024](#)), upgrading to Vantagepoint ensures continued access to the latest tools and innovations.

Businesses planning the transition can benefit from [Deltek's dedicated support programs](#), including guidance on data migration and training resources, to achieve a seamless upgrade experience.
